---

Good Morning,

Thank you for returning your signed agreement. I've attached the fully executed agreement for your files and we are looking forward to partnering with you!

I will be announcing our partnership at PCI's company meeting next Friday and your insight on the following two questions will be helpful.

-How does a directory publication benefit the association and your constituents?

-What are your top three goals for this project?

Thanks again and I look forward to presenting our partnership to our PCI associates.

Best,
Monise
